For
your wedding
day

YOUR LOVE *story*

YOUR WEDDING DAY IS ONE OF THE MOST IMPORTANT DAYS IN YOUR LIFE, A DAY THAT WILL LAST IN YOUR MEMORIES FOR MANY YEARS TO COME.

I understand this fully, my core ethic is to treat your wedding as if it were my own. I will give your special day all the attention and due care possible, administering the respect and kindness your own family will show you.

I have been capturing weddings for over a decade and have learned a great deal from our bride and grooms over the years. What they like, the details they wanted capturing and the working methods they appreciated.

I like to take a back seat for most of the day, remaining mostly unintrusive and relaxed. I understand that it can be a mad day and sometimes stressful so it's my job to ensure that you are as comfortable as possible. I will guide you during your formal portraits with a glass in hand for a bit of couple's time whilst your guests settle in.

The idea of capturing your day is to tell your story, be it in photos or in a video, so let me now take you through it...

The very first thing I do is to arrange a personal face to face meeting, this usually occurs at a nice quiet country pub so I can learn what your vision for the day is. It also serves as a great opportunity to ask questions and throw ideas around.

It is important to note that I start the day when you do and I step through the day as you do right up until after the first dance. So on average you have me for around 14 hours. I don't like to set time limits, I will work around your needs.

Order of the DAY

GETTING READY

Here I will start the day off casually, getting to know the wedding party and socialising a bit so to make everyone as comfortable as possible.

THE CEREMONY

We will then meet up with your guests for the ceremony, capturing your guests waiting. On arrival I will record everything from those little loving expressions to guest reactions.

FORMAL PORTRAITS & GUESTS

I find it useful to photograph your wedding groups first. I will then take you away from your guests for a relaxing portrait session over a glass of wine...or maybe two.

SPEECHES

The last nerve-racking bit to engage in, but over the years I have heard some beautiful things said. I will make sure you can look back on these images to see the reactions of your guests from those heartfelt words.

CUTTING OF THE CAKE

By this point you've probably eaten far too much and cake is the last thing on your mind, I get it! But we usually get some funny images at this stage from couples using cake knives to actual commando daggers and swords!

FIRST DANCE

Have that long awaited intimate moment on the dance floor, let me blend into the background and capture the love you have for one another.

WHAT HAPPENS NOW

After your wedding day and the madness has calmed down I will still be busy working away on your memories.

Your wedding day is just the start of the work.

I will take all the moments and memories away with me and work on them for several weeks creating some perfect pieces for you to cherish, this usually takes up to 3-4 weeks, a little longer if you decide to opt for video as well.

On completion I like to finish how we started, with a personal meeting to hand over your photography and video.

As part of each package I will provide a large A3 Fine Art mounted print of one of your formal portraits, you will then receive a selection of 7" x 5" printed highlight photos from key moments during the day. Finally you will receive a memory stick with all of your images digitally in high resolution and in lower resolution for use on your social media (don't forget to tag me on Instagram @seanstrangephotography)

All of this will come in a set of presentation boxes to keep them safe over the many happy years to come.

SARAH & JOSH

“Huge thanks to Sean and Emma for capturing the special moments of our wedding day. From our initial enquiry, through to the collection of our photographs and video, Sean was friendly, inviting and supportive in helping us to achieve what we hoped for, and we are so pleased with the end result. Sean listened to what we were after, was flexible and delivered what we asked. He and Emma were almost hidden throughout the day, yet cropped up at the right points to capture the best moments on camera. Sean presented us with a 3 minute highlight video, a full recording of our ceremony and speeches and an array of high quality, beautifully edited photographs. He printed 2 larger photos for us, along with a number of smaller photos, presented in a lovely photo box. We would highly recommend Sean, and are forever grateful for his contributions to our wedding day memories.”

CARRIE & CHRIS

“Carrie and I were both so overwhelmed with the end results, a massive thank you to Sean for truly helping us to capture our wedding day. Sean not only provided a first-class service from start to finish, he listened to our ideas and helped us plan and capture our ideal photos. He uses some great equipment and you can see that in the finished results. We are so pleased with our photos and would not hesitate to recommend him in the future.”

Our TESTIMONIALS

M A N D Y & S I M O N

“Sean took the time to sit with us, talking through ideas, and listening to what we wanted and delivered exactly that. He was friendly, patient and professional, ensuring he was in the right place at the right time to capture the moment but at no point did he feel intrusive. We didn’t want to spend too long on posed formal shots, but instead wanted to capture all the key moments of the day in a more natural way, and Sean did this amazingly. We now have fantastic pictures of our wedding day, delivered in the most beautiful keepsake box, that we will treasure forever.”

E L L E & D A N

“Sean is a professional and knowledgeable photographer. He was able to put our ideas together to produce the perfect images for our wedding day. He is not pushy or invasive at all, but has the creative edge to give new ideas for great photos. The end result was exactly what we wanted. We would highly recommend him for your special day.”

L E A H & M A T T

“Me and Leah were happy with the service. Sean managed to get us in at 48 Hrs notice, as we had changed the date 3 times due to COVID. He was punctual and arrived early. Sean was flexible with requests and did everything asked of him. He took plenty of photos, which were brilliant in several locations for us. He never rushed us and was very patient, professional and proactive. Overall Sean provided a brilliant professional service, with very high quality pictures. I would definitely recommend Sean and will look to use him again for other events in the future. Thank you for a job well done!”

MY *story*

Hi, I'm Sean

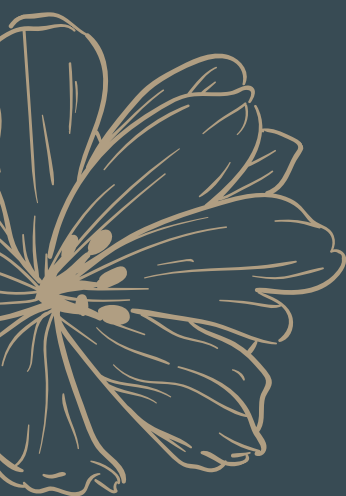

I am a graduate from Lincoln University's School of Media and a full time media practitioner. I am a current member of the Royal Photographic Society with an Associates Distinction.

In my spare time you'll either find me exploring Britain or doing something aviation related especially if it involves jet engines.

I have been photographing Weddings for a decade now, it's been an absolute privilege to have captured so many beautiful and intimate weddings. So here's to the next decade!
